SAMPLE COLLEGE RULES & STUDENT SERVICES

Campus Helpdesk AI Demo Document | Fictional sample data for testing only

IMPORTANT: This document contains invented college names, dates, fees, office timings, and procedures. It is only for testing the Campus Helpdesk AI demo. It is **not an official college policy** and must not be used as real guidance.

1. Sample College Information

Institution: Greenfield Institute of Technology (fictional)
Location: Madurai, Tamil Nadu (fictional sample address)
Academic Year: 2026–2027
Student Services Office: Ground Floor, Admin Block
Office Hours: Monday to Friday, 9:30 AM–4:30 PM; Saturday, 9:30 AM–12:30 PM. Closed on Sundays and declared holidays.

2. Bonafide Certificate Procedure

Students who need a bonafide certificate should follow these sample steps:

1. Log in to the student portal and open Student Services → Certificate Requests.

2. Select “Bonafide Certificate” and enter the purpose (for example, scholarship, bank account, or travel concession).

3. Enter the student name, register number, department, and year of study.

4. Upload a valid student ID copy if the portal requests it.

5. Submit the request and note the request reference number.

6. The Student Services Office reviews the request. In this sample policy, processing takes up to 3 working days.

7. The student can check the request status in the portal. If approved, follow the collection or digital-download instructions shown there.

Sample fee: No fee for the first bonafide certificate in an academic year. A duplicate copy may cost ■20. These amounts are fictional and only included to test whether the AI retrieves exact details from a PDF.

3. Attendance Guidelines

The sample minimum attendance requirement is 75% in each course to be eligible for the end-semester examination. Medical or other leave does not automatically count as attendance. Students who fall below the requirement should contact their class advisor and the academic office. Any condonation or exception requires formal approval under the institution's applicable rules; students should not assume that an exception will be granted.

4. Leave Request Procedure

1. Inform the class advisor as early as possible.

2. Submit a leave request through the student portal or the department's approved process.

3. Include the dates, reason, and supporting document if required.

4. Wait for approval. Submitting a request does not mean the leave has been approved.

5. Student ID Card

Students should carry their college ID card while on campus and show it when requested by authorized college staff. For a lost or damaged card, report it to the Student Services Office. The sample replacement charge is ■100, and the sample replacement timeline is 2 working days after verification.

6. Examination Timetable

The examination timetable is published by the Examination Cell through the student portal and official college notice channels. Students should verify the course code, date, session, and examination venue from the latest notice. This sample document does not contain actual examination dates. If a date is not present in an approved notice, the AI assistant must direct the student to the Examination Cell rather than inventing a date.

7. Fee Payment and Receipts

Students should pay fees only through the official payment channel listed in the student portal or at the authorized college counter. After payment, save the receipt or transaction reference. If money is debited but the receipt is missing, do not pay again immediately. Contact the Accounts Office with the student register number, payment date, amount, and transaction reference. Never share a password, PIN, or OTP with helpdesk staff.

8. Hostel Guidelines

1. Hostel residents must follow the published entry and exit timings.
2. Overnight leave requires prior approval from the hostel warden.
3. Visitors must register at the hostel reception and follow visitor rules.
4. Report maintenance, water, electricity, or safety issues to the hostel office.
5. This sample document does not define exact hostel curfew times; the AI must not guess them.

9. Contact Directory (Fictional)

Office	Purpose	Sample contact
Student Services Office	Bonafide and student certificates	studentservices@example.com
Examination Cell	Exam timetable and exam queries	exams@example.com
Accounts Office	Fee payment and receipts	accounts@example.com
Hostel Office	Hostel rules and maintenance	hostel@example.com
Campus Helpdesk Admin	Questions not answered by available documents	admin@example.com

10. AI Helpdesk Response Rules

• Answer only using relevant information found in approved, uploaded college documents.

• Whenever possible, show the source document name and page number.

• If the documents do not contain enough information, clearly say that the answer could not be verified.

• Offer the student the Contact Admin option when the answer is missing or requires staff confirmation.

• Do not invent fees, dates, policies, deadlines, or approvals.

• Do not reveal another student's personal data or private support requests.

End of sample document. Replace all fictional information with verified college-approved content before real deployment.
